DETAILED ACTION

Notice to Applicant

1. Applicants' Amendment and Response to the Office Action mailed on August 2, 2006 has been entered and made of record.

Response to Amendment

2. In view of applicants' amendments and arguments filed on October 30, 2006, the rejections of claims 21-22 and 27-28 under 35 U.S.C. 103(a) as stated in the indicated Office Action have been withdrawn.

Reason for Allowance

3. Claims 17-42 are allowed.

The following is an examiner's statement of reasons for allowance: claims 21 and 27 recite depositing a film/an EL material over a substrate by moving an evaporation source including first and second crucibles in the X direction while moving the substrate in the Y direction. Claims 35 and 39 recite depositing a film over a substrate by moving a first evaporation source and a second evaporation source in the X direction while moving the substrate in the Y direction at a constant speed, wherein at least one of the first evaporation source and the second evaporation source includes first and second crucibles. These features in combination with the other elements of the claim are neither disclosed nor suggested by the prior art of record.

The reasons of allowance for claims 17, 19, 23 and 25 were given in the Office Action mailed on August 2, 2006.

Claims 18, 20, 22, 24, 26, 28-34, 36-38 and 40-42 variously depend from claim 17, 19, 21, 23, 25, 27, 35 or 39, so they are allowed for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
